Christian Vision at Alder Grove

Our vision for Alder Grove School is about the importance of roots. Just as a tree cannot grow to be healthy and strong without good roots, so we believe that children need the right conditions to grow and flourish.

Our school community at Alder Grove is rooted in the following values:

Kindness

Service

Truthfulness

Forgiveness

Courage

Perseverance

We see these values in the life of Jesus, and Christians choose to live their lives rooted in him. At Alder Grove, we want to help all our children, whatever their faith background, to grow deep roots which will enable them and the whole community to be strong and healthy learners, and to care for each other.

As we live out these values, we help each other to flourish and grow. Our vision is not just about individuals but about a whole community, so we emphasise the importance of serving each other, and treating each other as we would like to be treated, and we also believe in the importance of caring for the world around us.

When the roots are healthy, we will see fruit growing:

'They are like trees planted along the riverbank, bearing fruit each season' (Psalm 1.3).

The right roots will allow our children to fulfil their potential in all areas of life.

Aims:

Our aim is to provide a safe and secure environment for our pupils, staff and visitors. Our Security & CCTV Policy ensures that we have in place effective procedures to enable us to achieve our aims.

Description:

This policy offers clear guidance and guidelines for the use of CCTV on our premises. The security of the pupils, staff and visitors as well as the protection of the school site is paramount to all at Alder Grove

CCTV Policy

Purpose

The purposes for which the CCTV Systems are used are:

- Protecting the school buildings and equipment, both during and after school hours;
- Promoting the health and safety of staff, pupils and visitors;
- Reducing the risk of crime and anti-social behaviour;
- Supporting police to investigate a crime;
- Assisting in identifying, apprehending and prosecuting offenders.

The system does not have sound recording capability.

The CCTV system is owned and operated by the school. The person who has been appointed to oversee the system and procedures is the Head of School.

CCTV warning signs will be clearly placed around the building in key visual areas.

An annual maintenance programme is in place.

Scope

Images are saved onto a hard drive. When storage is full, images will be overwritten (every 30 days).

The location that will be used for the viewing of any images will be: Office 1 computer on school site, Head of School's device, Premises Manger's device and Server Room device.

Access to viewing can only be conducted while devices are on site and connected to school network.

The planning and design have endeavoured to ensure the system will give maximum effectiveness and efficiency, but it is not guaranteed that the system will cover or detect every single incident taking place in the areas of coverage.

This policy prohibits monitoring based on the characteristics and classifications contained in equality and other related legislation, while not done for these reasons, normal CCTV footage for security may include people with these characteristics e.g. race, gender, sexual orientation, disability etc.

Information obtained in violation of this policy may not be used in a disciplinary proceeding against an employee of the school or a student attending school.

CCTV systems and equipment associated with it will be required to be compliant with this policy. Recognisable images captured by our CCTV are 'personal data'. Therefore, subject to the provisions of the General Data Protection Regulations (GDPR) and Data Protection Act 2018.

Location of cameras

The cameras are sited so they only capture images relevant to the purpose for which they have been installed. Care will be taken to ensure that reasonable privacy expectations are not violated.

The school will make every effort to position the cameras so that their coverage is restricted to the school premises.

No CCTV is installed internally.

2. The rank of the requesting officer must be Sergeant /Inspector/Chief Inspector
3. The school must provide a response to a request within 5 working days
4. If the decision is taken not to release the images, then the image in question must be held and not destroyed until all legal avenues have been exhausted.

Subject Access Requests (SAR)

Individuals have the right to request CCTV footage relating to themselves under the Data Protection Act and the GDPR.

All requests should be made in writing to the Data Protection Officer. Individuals requesting access will be asked to provide sufficient information to enable footage relating to them to be found.

The school does not have a facility to provide copies of CCTV footage but the applicant may view the CCTV footage if available, along with the authorised members of staff.

The school will respond to requests within 30 days of receiving the request. If the request is made outside of school term then this may not be possible.

The school reserve the right to refuse access to CCTV footage where this would prejudice the legal rights of other individuals or jeopardise an on-going investigation.
